

Executive - Hello Dear

Client - Hello Dear

Executive - How are you today ?

Client - I'm very good , Thanks

Executive - Oh good to hear thatSo currently you are dealing in (Product Name)

Client - Yes , I'm dealing in (Product Name)

Executive - Okay ! Are you dealing in any other product ?

Client - Yes

Executive - Okay , I completely understand...Are you targeting a specific country or covering the worldwide market ?

Client - Worldwide market or targeting market

Executive - Okay dear

We have some international orders from the worldwide market .Here we are covering the USA , European market , UAE market . We can provide you the verified orders like we already have buyers information,LOI, okay dear

Client - Yes

Executive - How we find the verified orders , We have some AI Tools with the help of that we find in which country there is the largest demand of the particular product , then we run the ads on the particular country to get good orders

We only connect you with those buyers who will agree on your terms and conditions

Client - Alright , What 's your company name ?

Executive - My company name is ' Global Connection 21 ' . Here we don't talk about anything on air , we will properly sign a legal agreement in which all the services are clearly mentioned .

Client - Okay , can you explain more about this ?

Executive - If you work with us we can provide you 30 verified orders in which you get 2 closed in a month from our side . In this way you get a secure deal according to your terms and conditions which saves your time because 50-60% of the work is done by my company . Do you understand everything which I explained ?

Client - Yes , I understand

Executive - Apart from this you also get TRADE ANALYTICAL DATA from my company side which helps you get to know in which particular country you are dealing, what's the price of that area for the particular product and past 15 year record of deals of the particular country . I hope you understand clearly about this AI tool

Client - Yes

Executive - Ya dear we will also provide you a personal Export Manager who will help you to close the deal and available to solve your query 24*7 .

We have connection in ports which help in custom clearance and close your deal more fastly He will help in solving the language barrier for ex - The buyer is from Brazil and you are from USA so the buyer don't understand your language so at that time the export manager Will answer the buyer according to their language .

He will also reduce the time barrier like when you are not available to answer the buyer question or anything then the Export Manager will talk to the buyer on your behalf .

I hope you understand the services clearly .

Client - yes

Executive - Kindly share me your email so that I can share you the business proposal

Client - Okay
